I just learned how to drive safely	...
Today, I'll recommend some tips to drive safely	...
Number 1: Always pay attention while driving, do not take a phone call, eating....	...
Number 2: Be aware of what other drivers around you are doing, and expect the unexpected.	...
Number 3: Assume other driver will do something crazy, and always be prepared to avoid it	...

Number 4: Maintain a safe following distance of 3 seconds behind the car in front of you will give you enough of time to react if that car slows or stop suddenly.	...
Number 5: Make that 4 or even 5 seconds if the weather is bad.	...
